

## **PATHOLOGY/SEROLOGY REPORTS**

**All Blood samples must be tested by a CPA accredited Laboratory as per DOH guidelines**

### **NHS:**

**All Hospital Trust Labs are CPA accredited  
All bloods taken in a GP surgery are sent to the local Hospital Lab so therefore these are also CPA accredited**

### **Private Centres:**

**Private labs may not be a CPA accredited; a CPA logo must be on the pathology report to denote accreditation**

**JCJ Locums prefer pathology reports from CPA accredited laboratories; please try ensure any pathology/serology reports sent to JCJ Locums are from CPA accredited labs.**

**If you need any further clarification on this matter please contact: JCJ Locums on Freephone – 08081 565959**
